CBS Med-AIM

A commitment as a Health Sciences Publisher

- ✓ A commitment that brings revolution in Health Science Education
- ✓ A commitment where excellence will be the benchmark
- ✓ A commitment where brilliance will be the fundament
- ✓ A commitment where knowledge and excellence co-exist, bringing enriched content on the paper
- ✓ A commitment to usher the concepts of learning with competency
- ✓ A commitment to transform convulated Health Science content into a fascinating experience
- ✓ A commitment to build conscious medical human capital par excellence

Why choose us?

Celebrating 51 glorious Years in Publishing

CBSPD - Dedicated to Education offers:

- Cutting edge publishing program to unleash your ideation
- A podium to National and International markets
- A publishing platform where knowledge meets innovations
- Exceptional blend of print and digital books- **Hybrid edition**
- Significant presence among Student community
- Publisher of choice with student friendly books
- Robust Social media presence

Wall Chart Available with every volume

Many **easily reproducible line diagrams** originally drawn by **Dr. BD Chaurasia** given at relevant places

BD Chaurasia's Human Anatomy

What's New
About the Book

Thoroughly updated and revised, tenth edition as per the latest CBME guidelines

Time-tested textbook with unparalleled quality content

Flowcharts to help rapid revision and memorizing facts

3D color illustrated plates to aid the understanding of anatomical structures

Simple line diagrams to redraw in the examination

Boxes on ossification, dissection and **Facts to remember**

Tables provide summary of essential facts for clear understanding and retention

QR codes for eSmart Quiz—lead the reader to the online MCQ test of each chapter for self evaluation

The *New Edition* is supplemented with **free workbooks** which include:

- **Clinicoanatomical problems** for early clinical exposure
- **MCQs** for reinforcement of learning, assessment of comprehension and enhancement of attention and critical thinking
- **Spotters and Question bank** to introduce the reader to the examination system, especially Exit
- **Practice figures** to prepare the students for examinations

Available **free** on **CBSiCentral APP**

- ✓ **Access to BDC's eBook includes:** Additional topics and clinical aspects; Viva voce questions, and topics for further reference and reading
- ✓ **Access to additional study material includes:** Videos of osteology, soft parts and chapter-wise self-assessment MCQ tests

Seventh
Edition

BD Chaurasia's Handbook of General Anatomy

As per the latest CBME guidelines

Editor: Krishna Garg

ISBN: 9789354665691

Edition : Seventh | Year : 2024

Pages : 464

₹450/-

Free Access on
CBSiCentral App

100+ Animated Models

New to this edition

Each chapter begins with a **quotation** giving subtle meaning to the topic

All the chapters have been **extensively illustrated** with **four color diagrams**

Multiple choice questions at the end of each chapter added to help students in self evaluation

Points to remember given at the end of each chapter to help students for quick revision of the topics

Salient Features of the Seventh Edition

- Thoroughly revised updated and enlarged edition of most popular and student-friendly **BD Chaurasia's Handbook of General Anatomy**
- Highlight of this edition is **seven new chapters** including their gross and clinical anatomy. This edition presents comprehensive view of and important component of human anatomy
- The **new edition includes** brief study of all the systems, so it becomes a **mini textbook** for students

Author : **Byas Deb Ghosh | Tanmoy Biswanath Mitra**

Human Anatomy

Salient Features of all three volumes

- **Complete coverage** of General Anatomy, Gross Anatomy, Osteology, Histology, Embryology and Genetics in three volumes
- **Nearly 1500 high quality-coloured illustrations**, including 2-dimensional images for understanding the anatomy
- **Simple line diagrams** to enable presentation of topics/answers in structured subjective examinations
- **High quality of photo-micrograph of histology slides** which are supplemented by schematic illustrations
- **Clinical correlations** of the anatomical region being highlighted in green boxes to correlate the anatomy with its clinical applications
- **Nearly 220 appropriate case scenarios** included to facilitate self-study and discussion
- Just before the exam, **adequate tabulations, Flowcharts, Mnemonics** which help the students to prepare for their examination
- A detailed list of possible questions for the theory examination, list of possible **OSPE/spotter's questions** for the practical examination and histology spotter's exams identification notes
- **Microscopic anatomy descriptions** matching with function (physiology) and biochemistry for integration of basic medical sciences
- **More than 1000 high yield**, application based multiple-choice questions (**MCQs**) that will aid in preparation for competitive postgraduate entrance tests and USMLE Step I examination

Textbook of Histology

COLOUR ATLAS

As per **CBME Guidelines** | Competency Based Undergraduate Curriculum for the Indian Medical Graduate

With **Viva Voce Questions-Answers**

Authors: Krishna Garg | Gayatri Rath
Mithlesh Chandra

Sixth Edition

ISBN: 9789354665707
Edition : Sixth | Year : 2024
Pages : 324 **₹695/-**

Salient Features of the Sixth Edition

- The text has been thoroughly **revised and updated**
- **Index of competencies** has been given according to the latest **CBME Guidelines/** Competency based Undergraduate Curriculum for the Indian Medical Graduate
- **Functional and applied aspects** have been **elaborated**
- **Brief electron microscopic descriptions** of parts of the cell, connective tissue, bone cells, nerve cells are given according to the competencies
- A **new chapter "Key to Identification of Histological Slides"**, has been added to identify the slides properly
- All the **photomicrographs** are of human tissues which clearly depict the features seen in human tissues
- **Number of viva voce questions** have been added below multiple choice questions in every chapter with their answers at the end of the book
- The book chiefly provides the **"must know"** content of human histology, which forms the backbone of histopathology
- The book aims to serve as a valuable textbook for undergraduate students of **UG Medical, Dental & Ayush**
- Also **helpful** to BSc & MSc students of Anatomy

Pages : 320

₹525/-

Salient Features of the four volumes

- The book is written using short and simple sentences.
- Four types of questions are discussed: **LAQs** (Long Answer Questions), **SN** (Short Notes), **SAQs** (Short Answer Questions), and **OLA** (One Line Answers).
- The information given in italics is the information required to answer the MCQs.
- The answers are written in the form of points by using indentation.
- **Tables** are introduced to save the time and display the information for immediate reference for the students and examiners.
- The relevant, simple, linear informative diagrams are drawn with the respective colours.
- Important key words, which help to memorize the subject without taxing the memory, are given.
- At the **end of the book separate indexes** have been given.

Key Features of the Eighth Edition

1500+ Colorful hand-drawn illustrations and images relevant to the topics

1000+ Rapid Review Questions

1000+ Multiple Choice Questions with Answers

500+ Solved and Unsolved Clinical Case Based Questions

1000+ Rapid Review Points

Complemented with numerous Tables and Flowcharts

Extensive Coverage of Applied Aspects

Numerical Formulas for Quick Review

Physiological Problems and Solutions

Important Recall Boxes & Notes

Unique amalgamation of theoretical and clinical aspects

Salient Features of the two volumes

- This 8th edition of LPR's Fundamentals of Medical Physiology is duly updated with all the **latest concepts of physiology**.
- Each chapter begins with **competency numbers** which are categorized as must know topics for the students.
- **Clinical correlation** of a topic connects to clinical situation, and its physiological bases are added.
- **Recent concepts** are simplified, added and are made student friendly for quick learning.
- **Self-assessment review exercises** with a variety of questions like Essay Type, Short Note, Analytical Questions, Case Based Questions, Multiple Choice Questions have been added in the respective sections.
- **Newly-added content** in the book as per the **CBME-2019** Curriculum.

Vol. 1 + Vol 2

₹1990/-

Salient Features of the Fourteenth Edition

- Text has been simplified and moulded into easy to understand and lucid language for a clear conceptual understanding of the subject
- **Recent advances** have been added and facts of applied physiology updated throughout the text
- All diagrams have been modified and simplified
- **Exam-oriented questions** have been introduced to serve the requirements of the students
- A number of **new multiple choice questions** has been added and others updated
- **Clinical Case Scenarios**, an important component of the latest curriculum adopted by National Medical Commission, shall be immensely helpful in excelling for the candidates preparing for **PLAB UK examination, USMLE** and examinations of the Medical **Councils of the other South East Asian countries**
- **Historical features and scientific findings** have been depicted in the text appropriately
- Topics of exercise physiology, hemoglobin, red blood cells, white blood cells, coagulation, immunity, cardiac output, regulation of blood pressure, hypoxia, regulation of respiration, renal function test, glomerular filtration rate, regulation of body temperature, growth hormones, calcium metabolism, thyroid hormones, adrenal gland, family planning methods, synapses, pain, sleep, hypothalamus, cerebellum, basal ganglia, autonomic function tests, eye and ear have been updated for quick understanding and recapitulation
- **Applied topics** such as diabetes, obesity, pancreatic transplantation, types of exercises, dialysis, family planning methods and disorders associated with central nervous system have been restructured and made concise

■ BIOCHEMISTRY

Fourth Edition

Textbook of Biochemistry

As per the latest **CBME Guidelines** | Competency Based Undergraduate Curriculum for the Indian Medical Graduate

Authors: Harbans Lal, Ashuma Sachdeva

ISBN: 9789390709441 | Edition : Fourth | Year : 2021 | Pages : 478

₹1095/-

Key Features of the Fourth Edition

- Emphasis has been laid on learning applied biochemistry in the form of **“Chemistry to Clinics”**
- Written in simple, precise, relevant, easy to understand and lucid manner to grasp the basics of the subject
- **New to this edition**
 - The new edition intends to convey the knowledge of time-old principles, **supplemented with modern developments in biochemistry**
 - Several **new tables and figures** have been included for complete understanding of the subject.
 - **Long questions, short questions and multiple choice questions (MCQs) added at the end of each chapter** to enable the students to test their knowledge and prepare themselves for the various competitive examinations.

First Edition

Competency -Based
Textbook of Biochemistry
 with Clinical Approach and Case Studies
 for MBBS Students

As per the latest CBME Guidelines | Competency Based Undergraduate Curriculum for the Indian Medical Graduate

Additional Study Material Available on **CBSiCentral** App

Author : Poonam Agrawal

ISBN: 9789354664649 | Edition : First | Year : 2023 | Pages : 712

₹1395/-

The main emphasis of the latest **CBME based curriculum** is on developing the clinical correlation of biochemistry in medical student's mind in such a fashion that this complex subject becomes relevant in understanding and approaching the patients afflicted with various metabolic and genetic disorders.

The author's extensive experience of teaching biochemistry to medical students in an easy and focused manner is well reflected in writing the chapters of this textbook.

A number of **case scenarios** are presented in an easy and interesting way and their biochemical basis is explained in a lucid manner. This approach not only makes the subject relevant and easier for student to learn, but also enhances the retention of the subject in the learner's mind.

Salient Features of First Edition are:

Covers all the competency prescribed for biochemistry in **CBME curriculum**

Adequate number of **clinical scenarios** with their biochemical basis

Each chapter begins with **Competency achievement** for biochemistry, Specific Learning objectives and ends with key points

Key Points are given at the end of chapter to revise the primary concepts

A separate chapter on commonly used **Laboratory Instruments and equipment** to upgrade the practical aspect

Text highlighted in yellow color provides important information of the topic under focus given as **Notes**

Glossary at the end provided to understand the complex terminologies of the subject

**Eighth
Edition**

Textbook of **Community Medicine**

Preventive and Social Medicine

*As per the latest CBME Guidelines /
Competency Based Undergraduate
Curriculum for the Indian Medical Graduate*

Authors: Sunder Lal, Adarsh, Pankaj

ISBN: 9789354666070 | Edition : Eighth | Year : 2023 | Pages : 808

₹1495/-

What's New in this Edition

Presents **20 thoroughly revised and updated** chapters

Includes **107 core competencies** with special emphasis on **18 skill-based competencies**

Various **case studies** in almost all the chapters **enriches the learning of various competencies** in live situations

Salient Features of the Eight Edition

- Chapters Divided into Two parts: Part I and Part II: The **part I** covers basic sciences related to community medicine while **part II** covers applied sciences relevant to subject includes epidemiology of communicable and non-communicable diseases, national health programmes, health management
- **Part I** covers the chapters 1 to 7 and 9 and forms part of theory paper one. **Part II** covers chapters 8 and 10 to 20 and forms part of theory paper two
- Includes a **chapter on recent advances** in community medicine which incorporates various public health acts as we; as Covid pandemic
- All these chapters focus on '**community as patient**', **community diagnosis** and **community therapy**. Whole of the Government and whole of the society approach, leaving no one behind is the emphasis in all the revised chapters
- The eighth edition also incorporates attitude, ethics, and communication (**AETCOM**) **skills (soft skills)** to be integrated into undergraduate curriculum
- The language of the text is very easy to understand and flow of information is logically sequenced.
- Covers all the important aspects of public health which are mentioned in the **revised UG curriculum**
- The healthcare of the community as well as health planning and management and international health have been described keeping in view the various developments in the country like **National Health Mission, Ayushman Bharat** and **International health regulations**.
- The text also includes chapter on Natural disasters. Included are chapters on elderly and mental challenges have been described in detail with national and international relevance

CBS E-Books

Powered by

EduPort Global

your knowledge partner

Dedicated online (e-books) platform for **Students, Educators, Professionals, Researchers & Librarians** covering complete Health Sciences segments – Medical, Dental, Nursing and Allied. With amalgamation of more than 1500+ e-books, this platform has a wealth of digital content published from its own flagship titles and publishing partners across the globe.

Features

- Dedicated and secured access through IP
- Unlimited downloads
- Available in Android and iOS version
- Personalized bookmarks, highlighters and notes
- Crystal clear photographs and illustrations
- Completely searchable content
- Remote access facility
- 24x7 access available
