| <i>Contributors</i> | v |
| <i>Foreword by Milind V Kirtane</i> | vii |
| <i>Preface</i> | ix |
| 1. Temporal Bone Dissection Laboratory Setting | 1 |
| <i>Dipak Ranjan Nayak • Produl Hazarika • P Satyanarayan Murthy</i> | |
| Historical Perspective Microsurgery of Ear | 1 |
| Equipment | 2 |
| Operating Microscope | 4 |
| Microscope Suspension System | 6 |
| Bone Holders | 7 |
| Suction Irrigation | 7 |
| Surgical Instruments | 7 |
| Bone | 8 |
| 2. Temporal Bone Anatomy including Radiology | 13 |
| <i>Dipak Ranjan Nayak • Swetapadma Nayak • Satyajeet Mishra</i> | |
| Surgical Anatomy of Temporal Bone | 13 |
| Petrous Temporal Bone and Petrous Apex | 17 |
| External Auditory Canal | 19 |
| Tympanic Cavity | 19 |
| Inner Ear | 22 |
| 3. Endoscopic Surgical Anatomy of the Middle Ear | 25 |
| <i>Sanjeev Mohanty • Nikitha Periaswamy • Dipak Ranjan Nayak</i> | |
| Introduction | 25 |
| Historical Perspective | 25 |
| Role of Otoendoscopy in Understanding the Anatomy and Pathology of Middle Ear | 25 |
| Epitympanic Space | 27 |
| Protympanum | 29 |
| Hypotympanum | 29 |
| Facial Nerve | 29 |
| 4. Cortical Mastoidectomy | 32 |
| <i>Rohit Singh • Dipak Ranjan Nayak • Chinmoy Sundar Ray</i> | |
| Historical Perspective | 32 |
| Preparations | 32 |
| Surgical Principle and Instrumentation | 32 |
| Surgical Technique | 33 |

5. Modified Radical Mastoidectomy

39

Dipak Ranjan Nayak • Balakrishnan Ramaswamy • Subrat Behera • Santosh Mishra

- Introduction 39
- Historical Perspective 39
- Indications 39
- Objectives 40
- Procedure 40
- Outside in Approach 40
- Inside Out Approach 47
- Complications of Modified Radical Mastoidectomy 50

6. Radical Mastoidectomy

52

Kailesh Poojary • P Satyanarayan Murthy • Dipak Ranjan Nayak

- Introduction 52
- Indications for Radical Mastoidectomy 52
- Steps of Radical Mastoidectomy 53

7. Combined Approach Tympanoplasty

57

Dipak Ranjan Nayak • Produl Hazarika • Asheesh Dora • Apoorva N Reddy

- Historical Perspective 57
- Facial Recess Anatomy 59
- Indications for CAT (Posterior Tympanotomy) 60

8. Endolymphatic Sac Decompression

66

Dipak Ranjan Nayak • Devaraj K • Sauvagini Acharya

- Introduction 66
- Historical Perspective 66
- Indications 66
- Surgical Anatomy 67
- Donaldson's Line 67
- Technique 67
- Simple Cortical Mastoidectomy Performed 67
- Exposure of Endolymphatic Sac(ES) 68
- Operative Problems 70
- Modifications of Portmann's Technique 71
- Postoperative Care 72

9. Facial Nerve Decompression

74

Dipak Ranjan Nayak • Sampath Chandra Prasad Rao • Produl Hazarika • Santosh Pani

- Introduction 74
- Historical Perspective 74

| | |
|--|----|
| Etiology | 74 |
| Principles of Facial Nerve Surgery | 75 |
| Transmastoid Approach | 76 |
| Middle Cranial Fossa Approach | 79 |
| Combined Transtemporal—Transmastoid Approach | 80 |
| Skin Incision and Mastoid Temporal Exposure | 81 |
| Transmastoid Approach | 81 |
| Identification of Bony Superior Semicircular Canal | 81 |
| Exposure of Meatal Plane | 81 |
| Exposure of Geniculum and Ossicles | 82 |

10. Stapedectomy

84

Dipak Ranjan Nayak • Produl Hazarika • Rajalaxmi Panigrahi

| | |
|--|----|
| Introduction | 84 |
| Historical Perspective | 84 |
| Evaluation and Case Selection for Stapes Surgery | 85 |
| Special Problems during Stapedectomy | 87 |
| The Operation | 88 |
| Laser Stapedectomy | 93 |
| Stapedectomy in the Temporal Bone | 94 |

11. Myringoplasty

95

Suresh Pillai • Ajay Bhandarkar • Dipak Ranjan Nayak

| | |
|---------------------------------|----|
| Historical Perspective | 95 |
| Classification of Myringoplasty | 95 |

12. Tympanoplasty and Ossiculoplasty

104

Produl Hazarika • P Satyanarayan Murty • Dipak Ranjan Nayak • Smruti Swain

| | |
|--|-----|
| Introduction | 104 |
| Historical Perspective | 104 |
| Physiologic Considerations | 105 |
| Tympanoplasty—Classification | 105 |
| Farrion's Classification of Ossiculoplasty | 106 |
| Common Ossicular Defects | 107 |
| Rare Ossicular Defects | 108 |
| Procedure | 108 |

13. Historical Perspective and Principle of Cochlear Implant Surgery

112

Produl Hazarika • Dipak Ranjan Nayak • Manushrut

| | |
|---------------------------------------|-----|
| Introduction | 112 |
| Historical Perspective | 112 |
| Principle of Cochlear Implant Surgery | 113 |

- How the Device Produce Hearing Sensation Step by Step 113
- Hybrid Implants (Electroacoustic Stimulation) 113
- Parental Counseling 115
- Evaluation, Assessment and Diagnosis 115
- Preoperative Counselling (to Correct Common Patient Misconceptions) 116
- Surgical Implantation 117
- Rehabilitation 119
- Various Preliminary Cochlear Implant Programs 121

14. Cochlear Implantation: An Overview 123

Shankar B Medikeri • Madhuri Gore • Rashmi A Deshpande

- Introduction 123
- Pre-implant Counselling 128
- Surgical Technique of Cochlear Implantation 129
- Complications of Cochlear Implantation 134
- Switch-on and Mapping 135

15. Translabyrinthine Approach to the Internal Auditory Canal 139

Produl Hazarika • Dipak Ranjan Nayak • Ajay Bhandarkar • Kabikanta Samantaray

- Introduction 139
- Historical Perspective 139
- Anatomy 139
- Translabyrinthine Approach to the IAM Indications 141
- Limitations 141
- Technique 142
- Labyrinthine Dissection 142
- Internal Auditory Canal Dissection 143
- Dural Incision 144
- Identification of the Facial Nerve 145
- Complications 145

16. Surgical Refinements to the Translabyrinthine Approach to the Cerebellopontine Angle 147

Sampath Chandra Prasad Rao • Mario Sanna

- Introduction 147
- The Enlarged Translabyrinthine Approach (ETLA) 147
- Surgical Technique 149
- Identification of the Facial Nerve at the Fundus 152
- Opening the Dura 154
- Bloodless Techniques for Tumor Removal 155
- Enlarged TLA with Transapical Extension (ETLA+TAE) 161

17. Principle of Skull Base Surgery and Approaches to Lateral Skull Base Surgery

166

HN Udaybhanu • Dipak Ranjan Nayak • Produl Hazarika • Ajay Bhandarkar

- Introduction 166
- Principles of Lateral Skull Base Approaches 167
- Steps for Surgery for Type A Approach 168
- Type B Approach 171
- Type C Approach 172
- Surgical Steps 172
- Type D Approach 172

18. An Introduction to Infratemporal Fossa Approaches

174

Sampath Chandra Prasad Rao • Ananth Chintapalli • Mario Sanna

- Introduction 174
- Infratemporal Fossa Approach Type A (ITFA-A) 175
- Surgical Anatomy 176
- Surgical Technique 177
- Management of the Internal Carotid 180
- Infratemporal Fossa Approach Type B (ITFA-B) 181
- Surgical Anatomy 181
- Surgical Technique 182
- Infratemporal Fossa Approach Type C (ITFA-C) 184
- Surgical Anatomy 185
- Surgical Technique 186
- Infratemporal Fossa Approach Type D (ITFA-D) 188
- Surgical Anatomy 188
- Surgical Technique 189

19. Temporal Bone Resections for Malignancies of the Temporal Bone

191

Sampath Chandra Prasad Rao • Mario Sanna

- Introduction 191
- Staging of TBMs 192
- Preoperative Management 192
- Surgical Techniques for TBMs 193

20. Complications of Mastoidectomy: A Short Review

203

Dipak Ranjan Nayak • Khageswar Rout • Swetapadma Nayak

- Introduction 203
- Complications 203
- Hemorrhage 203

Facial Nerve Injury 205

Labyrinthine Injury and Sensory Neural Hearing Loss 206

21. MIRA: Cerebellopontine Angle and Vascular Conflicts 211

HN Udayabhanu • Dipak Ranjan Nayak

Introduction 211

Investigations 213

Neurovascular Conflicts 213

22. Mastoid Obliteration 217

Balakrishnan Ramaswamy • Kailesh Pujary • Dipak Ranjan Nayak

Historical Perspective 217

Mastoid Obliteration Technique 218

Superficial Temporoparietal Fascial Flap 220

Posterior Canal Wall Reconstruction 221

Middle Ear Mastoid Cavity Augmentation Following Blind Sac Closure 221

Index
