

Clinical Case Discussion in **Anatomy**

As per CBME Guidelines |
Competency Based Undergraduate
Curriculum for the Indian Medical Graduate

Early Clinical Exposure

Highlights

- The book is written in simple and lucid language for quick, clear and easy understanding of the topics.
- First book in anatomy that makes anatomical basis of clinical conditions easier for better understanding and retention.
- Extensive coverage with more than 250 clinical cases.
- Clinical case presentation, which is followed by Case Based Questions (CBQs) along with their detailed explanations, helps the learner gain ability to answer such questions in the examination.

Ritesh Shah MBBS, MS

is currently Professor, Department of Anatomy, GCS Medical College, Hospital and Research Centre, Ahmedabad. He graduated in medicine from PS Medical College, Karamsad, and then joined Smt NHL Municipal Medical College as resident in anatomy in 2002 and completed his MS in 2005. He has been actively involved in teaching anatomy to undergraduate and postgraduate medical students for the past 19 years. His penchant for teaching has made him popular among his students. He is actively involved in research and has to his credit over 30 research papers published in various national and international journals. He is member of Society of Clinical Anatomists.

Ashok Nirvan MBBS, MS, DNB, PhD

is currently Associate Professor, Department of Anatomy, BJ Medical College, Ahmedabad. He graduated in medicine from PS Medical College, Karamsad, and then joined BJ Medical College, Ahmedabad, in 2002 completed his MS in 2003 and DNB in 2004. He has 20 years of teaching experience to both undergraduate and postgraduate students. He has to his credit over 20 research papers published in various national and international journals. He is member of Anatomical Society of India and Society of Clinical Anatomists.

Sanjay Kanani MBBS, MD

is currently Assistant Professor, Department of Anatomy, GMERS Medical College, Gandhinagar. He graduated in medicine from Government Medical College, Vadodara, in 2006; joined Smt NHL Municipal Medical College in 2008 and completed his postgraduation in 2011. He has more than 10 years experience of teaching anatomy to both undergraduate and postgraduate students. He has to his credit over 20 research papers published in various national and international journals. He is member of Anatomical Society of India and Society of Clinical Anatomists.

Preface

Latest MCI/NMC guidelines on Competencies Based Medical Education greatly emphasize taking clinical approach to anatomy. Understanding of clinical anatomy in the form of case based questions (CBQs) forms a vital part in this new curriculum. Answering a tricky case based questions (CBQs) in examination can be a tough task for the first year undergraduate student. In this context we felt a great need of a book for medical undergraduates which not only simplifies the clinical understanding of anatomy but also makes the learning more fruitful. Special precaution has been taken to keep the discussion simple, keeping in mind that first year medical students have no exposure to real patients.

Case presentations are planned in such a manner that they closely resemble actual clinical scenarios which would help students have clear understanding of the anatomical aspect of clinical conditions. This book is first of its kind in anatomy and we feel that the book will be very easy to follow by the students and they will find this book very useful in answering case based questions (CBQs) during their examination. We earnestly hope that students and academics would find this book useful and interesting.

Feedback and comments are most welcomed and will be duly acknowledged in the next edition.

Ritesh Shah
Ashok Nirvan
Sanjay Kanani

Acknowledgements

Preparation for this book started with collection of case based questions from many quarters including those asked in examinations since new curriculum introduced by National Medical Commission (NMC). The competency based medical education (CBME) by NMC for Indian medical graduates emphasize more on clinical and practical knowledge.

We had received lots of suggestion and guidance from many of our senior teachers and colleagues to whom we don't have enough words to express our gratitude. In this regard we would like to thank Dr Sucheta Chaudhary (Professor, BJ Medical College, Ahmedabad), Dr Bharat Patel (Professor, GCS Medical College, Ahmedabad), Dr Dipali Trivedi (Professor, BJ Medical College, Ahmedabad), Dr VH Vania (Professor, Govt Medical College, Baroda), Dr SP Rathod (Dean and Professor, GMERS Medical College, Junagadh), Dr Minaxi Bansal (Professor, Govt Medical College, Surat), Dr Shailesh Patel (Professor, Govt Medical College, Bhavnagar), Dr Mittal Patel (Professor, MP Shah Medical College, Jamnagar), Dr TC Singel (Professor, MK Shah Medical College, Ahmedabad), Dr Hrishikesh Jadav (Professor, MK Shah Medical College, Ahmedabad), Dr Sunil Oza (Professor, GMERS Medical College, Vadnagar), Dr Padma Varlekar (Professor, GMERS Medical College, Patan), Dr Rajesh Astik (Professor, GMERS Medical College, Himmatnagar), Dr Ojaswini Malukar (Professor, GMERS Medical College, Gotri), Dr Ankur Zalawadia (Professor, GMERS Medical College, Gandhinagar), Dr Pankaj Maheria (Professor, GMERS Medical College, Valsad), Dr Bhavik Doshi (Associate Professor, GMERS Medical College, Sola, Ahmedabad), Dr Ashish Pandya (Associate Professor, PDU Medical College, Rajkot), Dr Sanjay Chavda (Professor, GMERS Medical College, Junagadh), Dr Prabhakaran (Professor, Nootan Medical College, Visnagar), Dr Mayank Javia (Professor, Shantabaa Medical College, Amreli), Dr KP Danger (Assistant Professor, PDU Medical College, Rajkot), Dr Kintu Vyas (Assistant Professor, SSG Medical College, Baroda), Dr DS Patil (Associate Professor, Govt Medical College, Surat). We are very much indebted to our teachers of Anatomy Dr GV Shah (Dean, SBKS Medical College, Vaghodia), Dr BD Trivedi (Retired Professor, MK Shah Medical College Ahmedabad), Dr SV Patel (Professor, MK Shah Medical College, Ahmedabad), and Dr SK Nagar (Professor, MP Shah Medical College, Jamnagar).

We are sincerely thankful to Dr SL Jethani (Professor and Head, Department of Anatomy, Himalayan Institute of Medical Sciences) and Dr Dhiraj Saxena (Professor and Head, Dept of Anatomy, SMS Medical College, Jaipur) for his valuable and critical suggestions.

We sincerely thank our seniors and colleagues in Anatomy Department Dr. Sunita Gupta, Dr DS Patel, Dr KP Shah, Dr Paras Shrimankar, Dr Rashmikant Dave, Dr Viren Kariya, Dr Dimple Ganatra, Dr DT Parmar, Dr MK Shah, Dr ST Shah, Dr SG Desai,

Dr Swati Shah, Dr DM Kapadia, Dr Kiran Arora, Dr Jalpa Desai, Dr Chirag Vadhel for their support and constructive comments. We sincerely thank Dr Vidhyasagar Sharma, Dr Hetal Jeeyani and Dr Mohit Ruparel for their support for their constructive comments during preparation of this book.

We are grateful to Mr YN Arjuna and his team, and Javed Hashmi at CBSPD for constant support and guidance in publishing this book.

Ritesh Shah
Ashok Nirvan
Sanjay Kanani

Contents

Preface

vii

SECTION 1: UPPER LIMB

- Bones 2
- Pectoral Region and Axilla 9
- Back and Scapular Region and Veins of Upper Limb 22
- Anterior Arm and Cubital Fossa 27
- Posterior Arm 31
- Forearm 32
- Hand 42
- Joints 50

SECTION 2: LOWER LIMB

- Bones 58
- Thigh and Gluteal Region 64
- Popliteal Fossa 78
- Leg 81
- Foot 87
- Joints 90
- Veins of Lower Limb 98
- Arches of Foot 101

SECTION 3: THORAX

- Bones 106
- Walls of Thorax 110
- Pleura and Lung 111
- Mediastinum 116
- Pericardium 119
- Heart 120
- Other Structures of Thorax 126

SECTION 4: ABDOMEN

- Bones 136
- Anterior Abdominal Wall 137
- Male External Genitalia 144
- Abdominal Cavity and Peritoneum 149
- Abdominal Part of Stomach and Oesophagus 153

- Small and Large Intestine 157
- Large Blood Vessels of Abdomen 164
- Extrahepatic Biliary Apparatus 165
- Spleen, Pancreas and Liver 168
- Kidney and Ureter 172
- Diaphragm 174
- Posterior Abdominal Wall 176
- Perineum 177
- Urinary Bladder and Urethra 179
- Female Reproductive Organs 180
- Male Reproductive Organs 186
- Rectum and Anal Canal 188

SECTION 5: HEAD AND NECK

- Bones 192
- Scalp and Face 196
- Side of Neck 201
- Anterior Triangle 205
- Parotid Region 207
- Temporal–Infratemporal Region 209
- Submandibular Region 212
- Deep Structures in Neck 213
- Pre- and Paravertebral Regions 217
- Vertebral Canal 218
- Orbit 219
- Cranial Cavity 221
- Mouth and Pharynx 226
- Nose 230
- Tongue 232
- Larynx 233
- Ear 234

SECTION 6: NEUROANATOMY

- Spinal Cord 240
- Brainstem 241
- Cerebellum 246
- Thalamus 248
- Internal Capsule 249
- Basal Ganglia 250
- CSF 252
- Special Senses 253
