<b>Chapter 1 Female Pelvis</b>	<b>1–10</b>
• Introduction-----	1
• Preparation of the Article-----	2
• Types of Pelvis-----	2
• Anatomy of Female Pelvis-----	2
<b>Chapter 2 Fetal Skull</b>	<b>11–16</b>
• Introduction-----	11
• Objective-----	11
• Preparation of the Article-----	12
<b>Chapter 3 Pelvimetry</b>	<b>17–22</b>
• Introduction-----	17
• Objective-----	17
• Indication-----	17
• Purpose-----	17
• Preparation-----	17
• Procedure-----	18
<b>Chapter 4 Preconception Counseling</b>	<b>23–26</b>
• Introduction-----	23
• Purposes-----	23
• Goals of Preconceptional Care-----	23
• Procedure-----	24
• Barriers to Preconceptional Counseling-----	26
<b>Chapter 5 Pregnancy Test</b>	<b>27–29</b>
• Introduction-----	27
• Pregnancy Testing Methods-----	27
<b>Chapter 6 Antenatal History Taking and Antenatal Assessment</b>	<b>30–42</b>
• Introduction-----	30
• Definition and Meaning-----	30

• Objectives -----	30
• Prerequisites (Principles) -----	31
• Articles Required -----	32
• History Taking -----	32
• Obstetrical Examination -----	36
<b>Chapter 7 Calculation of Gestational Age, Estimated Due Date</b>	<b>43–46</b>
• Introduction -----	43
• Methods for Estimating the Gestational Age -----	44
<b>Chapter 8 Assessment of High-Risk Pregnancy</b>	<b>47–52</b>
• Introduction -----	47
• Objective -----	47
• Purpose -----	47
• Key Points -----	47
• Categories of High-Risk Factors -----	48
• Scoring of High-Risk Pregnancy -----	51
<b>Chapter 9 Assessment of Fetal Well-Being</b>	<b>53–57</b>
• Introduction -----	53
• Objectives -----	53
• Indications -----	53
• Purposes -----	54
• Antepartum Evaluation of the Fetus and Fetal Well-Being --	54
<b>Chapter 10 Diet Guide in Antenatal and Postnatal Period</b>	<b>58–66</b>
• Introduction -----	58
• Preparing Food Safely -----	63
• Food Items to Limit -----	66
<b>Chapter 11 Antenatal Exercise</b>	<b>67–77</b>
• Introduction -----	67
• Advantages -----	67
• Do's and Don'ts During Exercise -----	68
• Preparation of the Environment -----	69
• Types of Exercises -----	69
• Exercises to Avoid -----	76
• Guidelines for Good Posture -----	76
• Conclusion -----	77
<b>Chapter 12 Assisting and Monitoring for Induction/Augmentation of Labor</b>	<b>78–82</b>
• Introduction -----	78

• Aims -----	78
• Summary of WHO Recommendations for Augmentation of Labor -----	78
• Parameters to Assess Prior to Induction of Labor -----	81
• Factors for Successful Induction of Labor -----	81
• Augmentation of Labor -----	81
<b>Chapter 13 Maintaining Partograph</b>	<b>83–89</b>
• Introduction -----	83
• Objectives -----	84
• Principles of Partograph -----	85
• Components of Partograph -----	85
• Advantages of Using Partograph -----	88
<b>Chapter 14 Perineal Care</b>	<b>90–94</b>
• Introduction -----	90
• Purposes -----	90
• Indications -----	90
• Steps of the Procedure -----	91
• Intra-procedural Steps -----	92
<b>Chapter 15 Comfortable/Alternative Birth Position</b>	<b>95–98</b>
• Introduction -----	95
• Indications -----	95
• Purposes -----	95
• Key Points -----	96
<b>Chapter 16 Preparation for Childbirth</b>	<b>99–101</b>
• Introduction -----	99
• Ways to Prepare for Childbirth -----	99
• Preparation -----	100
• Childbirth Preparation Kit -----	101
• Birth Plan -----	101
<b>Chapter 17 Per Vaginal Examination in Labor and Interpretation</b>	<b>102–108</b>
• Introduction -----	102
• Indications -----	102
• Objectives -----	102
• Purposes of a Pelvic Examination -----	103
• Steps of Procedures -----	103
• Findings -----	107
• Conclusion -----	108

<b>Chapter 18</b>	<b>Conducting Normal Delivery</b>	<b>109–118</b>
•	Introduction	109
•	Objectives	109
•	Preparation of the Article	110
•	Procedure	110
•	Aftercare of the Mother and Newborn	118
<b>Chapter 19</b>	<b>Episiotomy Giving and Repairing</b>	<b>119–127</b>
•	Introduction	119
•	Objectives	120
•	Indications	120
•	Types	121
•	Steps of Procedure	122
•	Postoperative Nursing Care	127
<b>Chapter 20</b>	<b>Active Management of Third Stage of Labor</b>	<b>128–130</b>
•	Introduction	128
•	Third Stage of Labor	129
•	Active Management of Third Stage of Labor	129
<b>Chapter 21</b>	<b>Delivery of Placenta</b>	<b>131–136</b>
•	Introduction	131
•	Objectives	131
•	Required Articles	131
•	Preparation	132
•	Steps of Procedure	132
•	Conclusion	136
<b>Chapter 22</b>	<b>Placental Examination</b>	<b>137–142</b>
•	Introduction	137
•	Objectives	137
•	Required Articles	137
•	Preparation	138
•	Steps of Procedure	138
•	Conclusion	142
<b>Chapter 23</b>	<b>Abnormalities in Placenta and Cord</b>	<b>143–147</b>
•	Introduction	143
•	Objectives	143
•	Placenta Variants	143
•	Clinical Significance	147

<b>Chapter 24</b>	<b>Assisting for Lower Segment Cesarean Section</b>	<b>148–161</b>
•	Introduction	148
•	Indications	149
•	Common Indications	149
•	Preparation of the Lower Segment Cesarean (LSCS) Trolley	149
•	Nursing Management of Women Undergoing LSCS	151
•	Investigations	151
•	Others Preoperative Preparations	152
•	Procedure	153
•	Postoperative Care	154
<b>Chapter 25</b>	<b>Assisting for Forceps Delivery</b>	<b>162–164</b>
•	Introduction	162
•	Outlet Forceps	162
•	Low Forceps	163
•	Mid Forceps	163
<b>Chapter 26</b>	<b>Assisting for Vacuum Delivery</b>	<b>165–169</b>
•	Introduction	165
•	Objective	165
•	Indications	166
•	Principle	166
•	Steps of Procedure	167
<b>Chapter 27</b>	<b>Breech Delivery</b>	<b>170–179</b>
•	Introduction	170
•	Types of Breech Presentation and Position	171
•	Assisted Breech Delivery	171
•	Procedure	172
•	Delivery of the Arms	173
•	Delivery of the After-Coming Head	174
•	Third Stage	177
•	Two More Methods for Delivering the Head	179
<b>Chapter 28</b>	<b>Assessment and Monitoring of Pregnant Women with Preeclampsia and Eclampsia</b>	<b>180–183</b>
•	Introduction	180
•	Classification of Hypertensive Disorders of Pregnancy	180
•	Screening Tests for Preeclampsia (WHO, 2004)	181
•	Physical Examination	181
•	Treatment Objectives	183
•	Prevention	183

<b>Chapter 29 Management of Postpartum Hemorrhage</b>	<b>184–188</b>
• Introduction	184
• Causes of Primary Postpartum Hemorrhage	185
• Management of Postpartum Hemorrhage	185
<b>Chapter 30 Newborn Resuscitation</b>	<b>189–193</b>
• Introduction	189
• Objectives	189
• Indications	190
• Preparation of Environment	191
• Preparation of the Articles	191
• Procedure	192
• Aftercare of the Newborn	193
<b>Chapter 31 Postnatal Assessment</b>	<b>194–200</b>
• Introduction	194
• Purposes	194
• Preparation	195
• Actual Steps of the Procedure	196
<b>Chapter 32 Breast Care</b>	<b>201–204</b>
• Introduction	201
• Purposes	201
• Indications	201
• Required Articles	202
• Steps of Procedure	202
<b>Chapter 33 Manual Expression of Breast Milk</b>	<b>205–207</b>
• Introduction	205
• Procedure	206
<b>Chapter 34 Breast Engorgement Care</b>	<b>208–212</b>
• Introduction	208
• Purposes	209
• Key Points	209
• Primary Assessment	209
• Procedure	209
• Management of Engorgement	210
<b>Chapter 35 Postnatal Exercise</b>	<b>213–221</b>
• Introduction	213
• Advantages	213
• Preparation	214

• A. Exercises Following Normal Delivery	215
• B. Exercises Following Cesarean Section	220
• Conclusion	221
<b>Chapter 36 Newborn Assessment</b>	<b>222–233</b>
• Introduction	222
• Purposes	222
• Timing	222
• Preparation	223
• Procedure	223
<b>Chapter 37 Counseling for Family Planning</b>	<b>234–239</b>
• Introduction	234
• Objectives	234
• Timing to Counsel on Birth Spacing	234
• Counseling a Woman on Family Planning after an Abortion	235
• Male Partner	235
• Women with Special Needs	235
<b>Chapter 38 Management of Hypothermia and Kangaroo Mother Care</b>	<b>240–245</b>
• Introduction	240
• Management of Neonatal Hypothermia	240
• Kangaroo Mother Care	242
<b>Chapter 39 Bereavement Counseling</b>	<b>246–249</b>
• Introduction	246
• Purposes	246
• Steps of Bereavement Counseling	247
• 10 Guidelines for Grief Counseling	249
<b>Chapter 40 Postpartum Intrauterine Contraceptive Device Insertion (PPIUCD)</b>	<b>250–257</b>
• Introduction	250
• Timing of PPIUCD Insertion	250
• Steps of Postplacental Insertion	251
• Postinsertion Care	255
<b>Chapter 41 Copper T—Insertion and Removal</b>	<b>258–265</b>
• Introduction	258
• Objectives of the Procedure	259
• Indications	259
• Contraindications	259

- Time of Insertion ----- 260
- Preparation ----- 260
- Preparation of the Articles ----- 260
- Preparation of Unit ----- 261
  
- Chapter 42 Gynecological History Taking 266–272**
  - Introduction ----- 266
  - General Plan of Gynecological Case ----- 266
  
- Chapter 43 Assisting in Gynecological Investigations 273–275**
  - Introduction ----- 273
  - Objectives ----- 273
  - Purposes ----- 273
  - Procedure ----- 274
  
- Chapter 44 Per Vaginal Examination (Gynecology) 276–280**
  - Introduction ----- 276
  - Objectives ----- 276
  - Articles Required for Examination ----- 276
  - Steps of Per Vaginal Examination ----- 278
  - If no Cervix Visualized ----- 278
  - Taking a Smear ----- 279
  - Bimanual Examination ----- 279
  - Conclusion of Examination ----- 280
  - Aftercare of the Patient and the Articles ----- 280
  - Recording and Reporting ----- 280
  
- Chapter 45 Pap Smear 281–286**
  - Introduction ----- 281
  - Steps of the Procedure ----- 282
  
- Chapter 46 Assisting in Infertility Procedure 287–289**
  - Introduction ----- 287
  - Objectives ----- 287
  - Assisting in Infertility Procedure ----- 288
  - General Instructions ----- 289
  
- Chapter 47 Postabortion Care 290–292**
  - Introduction ----- 290
  - Elements of Postabortion Care ----- 290
  - Skills Required for Healthcare Professional ----- 292
  
- Glossary ----- 293–298*
- Index ----- 299–302*
