

Third Edition

# Clinical and Operative Methods in ENT and Head & Neck Surgery

A Systematic Approach

is a unique book written on clinical and operative methods with extensive review of radiological images and instruments relevant to ENT and Head & Neck procedures by international authors. The text is lucid, comprehensive and is recommended for undergraduates, postgraduates, as well as practitioners. This book will definitely enhance the communication skills, diagnostic ability of aspiring otolaryngologists, and thereby help in proper planning of investigation and management of ENT diseases. It contains 655 clear and concise illustrations from the senior author's personal collection, covering his 27 years of experience as an ENT and head & neck surgeon. This edition of the book contains two new chapters beside revisions in various chapters. The pictorial, surgical atlas given in the book will help the otolaryngologists to improve their surgical skills.

**Produl Hazarika** DLO, MS, FICS, FRCS (Edin), FIAO, FUWAI, FUICC is former Professor and Head, Department of ENT and Head & Neck Surgery, Kasturba Medical College, Manipal. He is at present a senior consultant at NameCare Hospital, Guwahati, Assam. He has more than 27 years of experience in clinical practice and in undergraduate and postgraduate teaching. With over 100 publications in national and international medical journals, he is one of the most sought-after speakers in various conferences, live surgical workshops and medical education programmes in India and abroad. He was selected as an international guest scholar by the American College of Surgeons in 1986. He has travelled worldwide, including the USA, UK, Australia, Malaysia, Switzerland and Mauritius. He has designed 'HRA voice prosthesis' for alaryngeal patients. He was the first surgeon to introduce Nucleus 22 channel cochlear implant in India in 1985. He also popularised the skull base surgery in early 90s in India. He has keen interest in head and neck and KTP 532 laser-assisted surgeries in ENT.

**Dipak Ranjan Nayak** MS, FICS, FIAO, UICC Fellow is former Professor and Head, Department of ENT and Head & Neck Surgery, Kasturba Medical College, Manipal. He recently joined as a senior consultant in Utkal Hospital, Bhubaneswar, Odisha. He has more than 32 years of experience in clinical practice and in undergraduate and postgraduate teaching. He has attended various conferences, live surgical demonstrations and continuing medical education workshops in several countries as faculty. He has travelled to the USA to carry out a project 'Recent trends in head and neck skull base surgery' at the University of Illinois, Chicago, under ICRETT Fellowship. He was a visiting professor at Johns Hopkins University, Baltimore, USA, in 1998 and also visited Royal Infirmary Hospital, University of Leicester, UK, in 2004. He has to his credit more than 130 publications in the national and international journals. He has special interest in head and neck oncology and skull base surgery, endoscopic sinus surgery and trans-oral laser micro surgeries.

**Rohit Singh** MS, DNB is presently Additional Professor, Department of ENT and Head & Neck Surgery, Kasturba Medical College, Manipal. He is actively involved in clinical teaching and research. He was awarded AOI Gold Medal for the best outgoing postgraduate student in 2005. He was conferred upon 'Good Teacher Award' in 2006-07 for excellence in undergraduate teaching by Manipal University. He was also given Sir Ratan Tata Scholarship award for a fellowship with Prof Heinz Richard Stammberger, Graz, Austria, in August 2008. He has presented papers at international congresses in Florida (USA), Switzerland, Thailand and Sri Lanka. He has keen interest in endoscopic sinus surgery, head and neck surgery and laser surgeries.

# **Preface to the Third Edition**

We are happy to bring out the third edition of this textbook *Clinical and Operative Methods in ENT and Head & Neck Surgery*. The first edition of the book was released in 2005.

The book has received tremendous response from the postgraduate students and the clinicians in India and abroad. The text of the book has been thoroughly revised along with the addition of two new chapters—Laryngectomy (Chapter 32) and Sialoendoscopy: A New Method in the Management of Salivary Gland Diseases (Chapter 33). These new chapters will greatly help the postgraduate students, clinicians and surgeons in the field of ENT and head and neck surgery.
