Disclaimer

Science and technology are constantly changing fields. New research and experience broaden the scope of information and knowledge. The authors have tried their best in giving information available to them while preparing the material for this book. Although all efforts have been made to ensure optimum accuracy of the material, yet it is quite possible some errors might have been left uncorrected. The publisher, the printer, and the authors will not be held responsible for any inadvertent errors or inaccuracies.

Preface

This logbook has been designed specifically for the learners of Phase I MBBS in the subject of Biochemistry in accordance with the latest competency based curriculum as per NMC guidelines.

This logbook will provide comprehensive record of all the learning activities at one place to be undertaken in Biochemistry during Phase I, namely practical exercises (both certifiable and non-certifiable), self-directed learning sessions (in the form of seminars, quizzes, etc.), early clinical exposure sessions, tutorials and integrated teaching sessions. Further, record of all the five modules of AETCOM taught in Phase I can also be maintained.

This, in turn will enable all the faculty/facilitators to carry-out formative assessment of the learner throughout Phase I.

Neeru Bhaskar
Priyanka Tangri

Logbook Certificate

This is to certify that the candidate Mr/Ms, Roll No. admitted in the year in has satisfactorily completed/has not completed all assignments/requirements mentioned in this logbook for Phase I MBBS in the subject of Biochemistry during the period from to

She/He is/is not eligible to appear for the summative (University) assessment as on the date given below.

**Head of the Department
(Signature)**

Certificate of Attendance

This is to certify that the candidate Mr/Ms, Roll No. admitted in the year in has got an overall attendance of in theory and in practical of Phase I MBBS in the subject of Biochemistry during the period from to

She/He is/is not eligible to appear for the summative (University) assessment as on the date given below.

Date:

**Head of the Department
(Signature)**

General Instructions

1. The logbook is a record of the academic activities of the designated student, who would be responsible for maintaining his/her logbook.
2. The student is responsible for getting the entries in the logbook verified by the Faculty in-charge regularly.
3. Entries in the logbook will reflect the activities undertaken in the department and have to be scrutinized by the Head of the Department.
4. The logbook is a record of various characteristics of the student like overall participation and performance, attendance, participation in sessions, record of completion of pre-determined activities and acquisition of selected competencies.
5. The logbook is the record of work done by the candidate in that department/specialty and should be verified by the college before submitting the application of the students for the university examination.
