<i>Preface</i>	<i>vii</i>
<b>Section A: Experimental Pharmacology</b>	
1. Experimental Animals	3
2. Effect of Drugs on Dog: Blood Pressure and Respiration	12
3. Anaesthesia in Experimental Animals	23
4. Euthanasia Methods in Experimental Animals	26
5. Blood Collection in Experimental Animals	29
6. Bioassay	31
7. Short Experiments	54
8. Therapeutic Drug Monitoring	70
9. Experimental Evaluation	82
10. CPCSEA Guidelines	143
<b>Section B: Clinical Pharmacology</b>	
11. Drug Regulatory Bodies in India	153
12. New Drug Development	156
13. Institutional Ethics Committee	166
14. Principle of ICH-GCP	169
15. Investigators Responsibilities	171

x	Experimental and Clinical Pharmacology with Special Topics	
16.	Protocol Writing	174
17.	Pharmacovigilance and PVPI	180
18.	Schedule Y	189
19.	Informed Consent	192
<b>Section C: Biostatistics</b>		
20.	Data and Types of Data	197
21.	Hypothesis Testing	208
22.	Statistical Tests	211
<b>Section D: Special Topics</b>		
23.	Paediatric Pharmacology	219
24.	Geriatric Pharmacology	224
25.	Drug Use in Pregnancy	230
26.	New Drug Delivery System	237
27.	Chronopharmacology	245
28.	Drug Transporters	253
29.	Ion Channels	257
30.	Phosphodiesterase (PDE) Inhibitors	263
31.	Stem Cell Therapy	265
	<i>Index</i>	269
